

# TRUE HOMES OF IDAHO BUILDING YOUR TRUST

As you're introducing yourself to the lifestyle and residential opportunities awaiting at Mountain View of Legacy, we'd like to introduce ourselves: True Homes of Idaho, a company dedicated to building trust as well as homes.

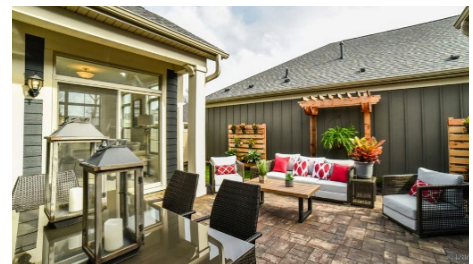

We fell in love with the same life-affirming amenities that you did when discovering Mountain View of Legacy. *What a place!* It's where you can live the lives you were destined to enjoy, just the way you want today. Single-story architecture. Maintenance-free convenience. True Homes would like to be your partner in making good things happen as you consider your move to Mountain View of Legacy.

Our company is founded by lifelong home building professionals with national experience as well as experience within the Boise area as well. You'll get to know our friendly management team and construction experts, too. All will work with you personally to see your dreams come true.

Since True Homes of Idaho is affiliated with Epcon Communities, you'll have the best of both worlds: the friendly face-to-face contact and heartfelt commitment of a trusted hometown builder, along with the wide-ranging resources of a large national firm that Epcon provides.

True Homes of Idaho is the face of Epcon Communities in the Boise area, and is truly proud to be building homes for you in Eagle, Idaho, an unsurpassed location for natural beauty, friendly neighbors and timely value.

*But enough about us. Let's talk.* We're looking forward to getting to know you, and finding a way to help you make a True home for yourself at Mountain View of Legacy.
